

PETS ARE FAMILY TOO!

**Fires... floods... earthquakes...
terrorist attacks... Disasters are imminent ...
Don't wait until tomorrow!**

Are you and your pet(s) prepared for disaster?

**The risk is real. If an evacuation is ordered, do you know what to do?
Where to go with your pet(s)?**

A DOZEN LIFE AND TIME SAVERS:

- 1) Keep your car well maintained. Never have less than half a tank of gas.
- 2) Keep a battery-operated radio with extra batteries.
- 3) For each pet, have a carrier with an ID tag attached. Keep in a convenient location.
- 4) Have a leash and collar for each dog.
- 5) All pet collars need I.D. tags, securely fastened, with two phone numbers - yours and a friend NOT in your neighborhood.
- 6) Always keep a two-week supply of food, water, bowls and a can opener handy and ready to go.
- 7) Prepare an evacuation kit (first-aid items, current medication). Keep organized and handy.
- 8) If you have a cat(s), keep a litter box, a bag of litter and a few waste-disposal items. Keep handy.
- 9) Make a list of phone numbers including veterinarians, animal shelters and your local Red Cross. Keep in an obvious place.
- 10) Know where you and your pets can go. In a disaster, call 211. Develop an actual plan and find time to practice that plan.
- 11) Arrange with a neighbor/friend/relative to evacuate your pets if you can't get home.
- 12) The most important thing you can do now is to HAVE YOUR DOG AND CAT MICROCHIPPED AND REGISTERED.

To learn more about it, check with our website: www.evacuatemypet.com.

PLAN NOW! PREPARE NOW!

It could be tomorrow... you can be READY!
